

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—their bodies being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling of the abdomen and pain) and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a tight, appliance, or whatever name you choose to call it? Alas! the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The FLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The FLAPAO-PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to FLAPAO CO., Block 20 St. Louis Mo., for FREE trial Flapao and the instructive information necessary.

RED CROSS RHEUMATIC REMEDY

The great advantage over other rheumatic medicines lies in the fact that it does not disturb the stomach. Many cases have been permanently cured by this remedy. This and more than one hundred other Red Cross Remedies sold and guaranteed only by

For sale by St. Elmo Drug Co., McCauley Avenue Pharmacy, Martin's Pharmacy, J. L. Bass.

Can You Place A Value On Your Eyes?

No! Then, naturally you should entrust the examination to the most reliable optician whose skill, experience and years of practice can determine whether you need glasses or a change of lenses and prescribe the correct glasses for your individual requirements.

Hear Oscar Seagle's concert Thursday night. You get the value but the Red Cross gets the money.

MAKE REAL FIGHT FOR SHERIFF'S OFFICE

Nomination of Tinker Arouses Interest—Comes as Biggest Surprise.

The nomination of John Tinker for sheriff by the republicans on Saturday came as a big surprise to even those closest to the party councils, and even a few seconds before the nomination was made it had not been decided by Mr. Tinker whether he would accept or not. However, he was given such an enthusiastic and flattering endorsement that he was forced to heed his party's call. The republicans realize that their main hopes for the office lie in John Tinker and were so insistent on it that the popular deputy register could not yield.

The nomination and acceptance by Mr. Tinker sets at rest reports of a combination between certain republican and democratic forces.

The friends of John Tinker state that they did not know he would accept the nomination and he had advised them that he did not want to remain in politics, but was going to quit the game for a more lucrative and less turbulent calling. It is understood that Mr. Tinker was about to be elected to an enviable position with a large fraternal organization. This, however, he will have to now forego. Local republicans are more enthused over John Tinker's candidacy than any other, and they hope to carry him to victory in August. The race for sheriff will be an interesting one.

Tinker and Dearing Indorsed by Typos

Chattanooga typographical union, in regular meeting Sunday afternoon, unanimously indorsed John Tinker for sheriff, and Fred M. Dearing for justice of the peace from the First civil district. These candidates were nominated by the republican convention Saturday.

John Tinker has been a member of the typographical union for over a quarter of a century and has always been an active worker in organized labor circles. His entry into the race is expected to have the effect of dividing the labor vote along lines of personal preference, as R. P. Bass, the democratic nominee, is a member of the painters' union and has the indorsement of that union.

Mr. Bass has also been indorsed by the Chattanooga Trades and Labor Council, but Mr. Tinker will likewise receive the indorsement of the trades council, according to prediction by officials of the council. Tinker has served as a delegate in the central body for several years and is one of the best-known men in union labor ranks in Hamilton county.

Mr. Dearing, indorsed for justice of

Cuticura Soap
and Ointment for
Skin Troubles
All druggists, Soap & Ointment 25¢ & 50¢, Talcum 10¢. Sample each free of "Cuticura, Soap & Ointment."

the peace, is the only candidate for the county court who has received such an indorsement. He is proprietor of the Dearing Printing company, but still retains membership in the typographical union. Prior to assuming the role of employer he was very active in trades union work. He joined the typos about twenty years ago.

First K. C. Building Dedicated at Park

Impressive services marked the dedication of the first of the two new Knights of Columbus buildings at Chickamauga park Sunday afternoon. Crowds, which occupied every bit of vantage space, listened to addresses by officers attached to the local military camps, including Maj. Rigby, of the British army. To add to the charm of the occasion a delightful concert was rendered by artists from Chattanooga and members of the Eleventh cavalry band.

Chaplain Nugent, during the course of his blessing, dedicated the building to the use of God and country, and to the men in service present, explaining that it was for their use during their stay at the park. Stirring addresses were made by Gens. Erwin and Birmingham and other officers well known here. Maj. Rigby, British instructor of the Sixth division, in his characteristic style, told of the great work accomplished by the Knights of Columbus on the blood-stained fields of France.

Chairman Jack O'Donohue, who acted as master of ceremonies, introduced other army officials, including Col. E. V. Smith, commander of the Eleventh brigade of the Sixth division. The significance of the occasion was dwelt upon by Chaplain Dineen and Maj. Sutherland, both of whom called attention to the marvelous work being carried out by the volunteer workers under the colors of the K. C.

Nell J. Crowley, in the name of the Knights of Columbus, tendered the building to the soldiers at the park and expressed the wish that they would derive from it all of the benefits desired.

The second of the two buildings is being located near the Lookout theatre, at the lower end of the park. It was stated Sunday that this would be ready for occupancy within a short time.

Among the artists who contributed to the musical feature of the program were the Misses Marguerite McWhorter, Mary Ward Hatcher, Mrs. L. B. Hatcher, Mrs. Robert Manning, L. O. Morin and J. Victor Golibart.

NO INFORMATION OF NEWSPAPER PUBLICATION

(Associated Press.)
Washington, May 6.—Neither the navy department nor the consular service had any information today that would explain the story brought to an Atlantic port yesterday by ship passengers that before the collie Cyclops was reported missing a Rio Janeiro newspaper printed an advertisement saying a requiem mass would be celebrated at Rio Janeiro for Alfred L. M. Gottschalk, United States consul-general, a passenger on the collie. Officials thought there must be some mistake, and could not understand why, if the advertisement were printed, it was not called to their attention by their representatives in Rio.

Girl's Story Leads to Wide Hunt for Murder Plants

GERTRUDE SCHMIDT

Detroit.—Gertrude Schmidt's story of the sordid life of her father, Hellmuth Schmidt, furnishes the basis for an investigation officials are making to determine whether he operated "murder plants" in other cities.

Schmidt's game was to rob women he met through matrimonial ads. He succeeded in jail when accused of the murder of Augusta Steinbach, New York girl, who answered one of his ads.

Other women disappeared after arriving at Schmidt's home, police say.

JOHNSON TO LECTURE ON FEEBLE-MINDED

From One to Two Per Cent. of Children in America Sub-normal Mentally.

Alexander Johnson, field secretary of the committee on provision for the feeble-minded, will be in Chattanooga on May 9 and will speak in the courthouse auditorium that evening. Mr. Johnson is an expert on this phase of education, and Chattanooga should be congratulated on being able to secure his services.

According to statistics, it has been definitely determined that from 1 to 2 per cent. of all children in America are abnormal in their mental capacities, and it is believed that Chattanooga is not unlike other cities with reference to the consideration of such a problem.

Other cities are organizing psychological clinics to discover the facts with reference to their specific cases. They are also organizing special schools for the training of such pupils. The object of this meeting is not to bring out anything that will be embarrassing, but merely to state the facts with regard to the question in general.

HOW MIAMI ENTERTAINS FOR SOLDIERS AND SAILORS

Mrs. Lon A. Warner, of Miami, Fla., formerly of Chattanooga, writes a graphic account of entertainment of soldiers and sailors in the southern city. Among many interesting items she relates she says: "As I write a hydroplane flying so low above our home it certainly seems that it will bump. Miami is being awfully good to the sailors, marines and aviators. The Woman's club has been converted into a clubhouse and hostess house for them; the Elks have turned over their club the churches have special nights for them to have social evenings—the library keeps open nights and every Sunday the streets are full of machines loaded with enlisted men who are invited to homes for dinners and entertainment afterwards. Everybody picks the boys up to and from camp and every night there is entertainment planned for them at the Y. M. C. A. Luts. They seem to appreciate it, too. Last Sunday night we had 125 men at the 'social hour' after services. They had punch and cakes, and a fine program of secular music and readings, and then everybody sang popular songs and visited. Then a long string of machines carried the boys back to camp. There seems to be a mighty fine class of boys here."
